# YourCompany Goals

Work together far more productively

A new way to share contacts and solutions. Are you prepared?

Bring all your people, discussions, apps, tasks, and content together in one place.

Your Company Goals (YCG) is the enterprise social network that helps employees collaborate across departments, locations and business apps.

Corporate organizations that don't have a modern Enterprise Social Network are missing out on creating real value to the business. Modern leaders create a great employee experience that serves its customers and the business.

Give employees the tools they need to better understand their role and purpose.

Get everyone on board with your company mission, goals, and values and use real-time feedback to sharpen your vision.

Increase in workforce productivity.

SIMPLICITY

The instantly familiar interface means people can start using YCG immediately without a long learning curve or expensive training.

PROFILE

Promote yourself by adding recent contributions, work you've done in the past at other jobs, and even your passions and hobbies.
Coworkers can discover who you are, what you're working on and how you can work together.

GROUPS

Groups are topics that colleagues can follow. Use them to link projects or teams together with associated tasks, discussions, and documents. You can:
Create a Group, Join Groups, Invite Members.

EVENTS

Coordinate and plan events easily. Let invitees see who is attending, ask questions, make suggestions, and share the event. Encourage brainstorming before your event.

WEB CONFERENCE

With the integrated Cisco WebEx Meeting Center you can improve collaboration and productivity.

ADVANCED SEARCH

Search for matching users, subjects, discussions, or documents universally across the entire network.

NOTIFICATIONS

Get smart notifications for what you want, when you want them, and how often.

COMMUNICATIONS

Each idea starts with a conversation. Create an open forum where executives and employees can connect and stay aligned.

MOBILE COLLABORATION

With YCG you can package the optimum business processes in highly innovative, user-friendly software: as a mobile solution, accompanied by web applications.

OPEN PLATFORM

Other vendors lock you in. Your Company Goals (YCG)opens a world of possibilities. Our open APIs and support for industry standards make it easy to add capabilities, integrate existing systems and develop awesome new apps that harness all the power of the YCG.

CUSTOMIZATION

You're not locked-in to our look. Completely customize the look and feel of the user interface, change its name, logo, masthead, splash screen, color scheme, and more.

Why a new Community?

More than <Facebook inside your company>. **Your Company Goals (YCG)** is a software platform that not only includes some of the functions of a public social network, but adds features specific to use within a business. The Enterprise Social Network is what your company needs: work together far more productively.

With **Your Company Goals (YCG)** you are always connected to coworkers, information and conversations. Tap into your network to find exactly what you need and discover things you didn't know to quickly make decisions, get work done and keep moving. Enterprise Social Networks (ESN) like Your Company Goals (YCG) help companies unlock expertise and creativity, enhance employee satisfaction, and improve speed-to-market.

Y**our Company Goals (YCG)** elevates the role of people, making it easier to navigate from a document to the profile of its author and from the profile to other documents or groups, events, applications, and activities that person is associated with.

Your Company Goals (YCG) helps companies in every industry align employees, boost productivity and grow revenues. Always on.
